

VILLAGE OF EGG HARBOR, WISCONSIN

PERMIT APPLICATION FOR CONNECTION OR DISCONNECTION
PRIVATE SEWER LATERAL WORK

(TO BE COMPLETED BY LICENSED PLUMBER)

PLEASE PRINT New Connection Disconnect Reconnect

Property Owner: _____

Egg Harbor Address (include Fire No.): _____

Other Address: _____

Name of Licensed plumber who will do work: _____

License Number: _____ Date work will begin: _____

Per Code 50.01 and 51.003: When any sewer service is to be re-laid, each building shall be disconnected from such service upon receiving a reconnect permit from Village Clerk and a new sewer service shall be installed for each building (subject to inspection by wastewater treatment plant personnel).

- Notes:
1. A separate application must be completed for each connection to the public sewer system.
 2. A \$150 permit fee must be included with each application. \$100 street excavation/opening fee
 3. A lateral locate sheet (form provided by Village Office) showing length, depth of lateral with measurements from easily distinguishable landmarks and distance from nearest manhole(s) must accompany each application.
 4. Direct connections to the public sewer system cannot be made until notification from the Village is received.
 5. The plumber must contact the Sewer Utility Office (Telephone 868-2628) twenty-four (24) hours in advance for an inspection prior to closing any excavations. Inspections are also required at time of disconnect and reconnect.
 6. The licensed plumber shall be responsible for installing laterals in accordance with the State Plumbing Code. Acceptance by the Village of installation does not certify compliance With the State Plumbing Code.

Signature of Licensed Plumber:
